Art Unit: 2616

1. Claims 13, 15-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 13, line 3, "a said" should be changed to -- said --; line 5, "th at" should be changed to -- that --.

In claim 17, line 2, "the or each transport layer" has no clear antecedent since a multi-layer hierarchical transport structure does not guaranteed a plurality of transport layers. Same rejection also applies to claim 19, line 2, claim 20, line 2. To overcome the rejection, the applicant should include the claim language such as -- a communication network having a multi-layer hierarchical transport structure having a hierarchy of transport layers -- before the introduction of the term of "the or each transport layer".

2. Claims 1-12, 21-33 are allowed.

3. Claims 13, 15-20 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Raivio et al. is additionally cited to show the common feature of multi-layer hierarchical wireless communication network utilizing resource/bandwidth allocation for optimizing network efficiency similar to the claimed invention.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 2616

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
